Introduction

SPRINGDALE SCHOOL DISTRICT'S CENTRAL OFFICE is located at 361 High-

way 445 in Springdale, Mississippi. In January of 2024, the district housed two thousand one hundred eighty-seven (2,187) students in prekindergarten through twelfth grades (PK-12). The district has one elementary school serving prekindergarten through fifth grade (PK-5), one middle school serving sixth through eighth

grade (6-8), and one high school serving ninth through twelfth grade (9-12). The district also runs a career and technical center and a behavioral management alternative school.

Philosophy

VISION

STRIVING FOR EXCELLENCE

MISSION

GOALS

GOAL 1: All students are proficient and show growth.

GOAL 2: Students have access to professional and effective educators.

GOAL 3: Students are assured a safe and nurturing learning environment.

GOAL 4: Students experience innovative learning opportunities.

GOAL 5: Foster mutually beneficial relationships within our community.

CORE VALUES

- **Safe and Orderly Environment**
- **4** Integrity
- **4** Inclusive
- Strong Relationships

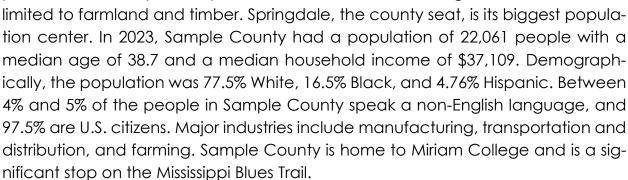

(Springdale School District, 2022)

Community Characteristics

SITUATED ON THE MISSISSIPPI/TENNESSEE BORDER, Sample

County gets its name from a Chickasaw language word meaning "cut off", taken from the creek of the same name that flows across the county before emptying into the Tallahatchie River. The county is primarily rural and agricultural with small, isolated communities. Several tornadoes have impacted the county in the past decade, with most damage

The U.S. Census Bureau estimates the poverty rate for Sample County to be 24.8%, with 23.1% of children birth to 17 years old living in poverty and 22.7% of children ages 5 to 17 living in poverty-related households.

District Characteristics

THE SPRINGDALE SCHOOL DISTRICT is in Springdale, Mississippi. In addition to Springdale, the district serves the towns of Woodland and Center Hill, the unincorporated community of Hickory as well as rural areas in northern Sample County. All schools within the district are rural. District-wide free and reduced eligibility is around 70% and trending upward. Manufacturing, retail, education/government, and agriculture are the primary employment sectors in the community. Many families travel to surrounding communities for work. Natural disasters have had no direct impact on schools.

Within Springdale School District, as reported by the Small Area Income and Poverty Estimate from the U.S. Census Bureau, about 28.6% of children between ages 5 and 17 live in poverty-related households.

Enrollment

TAKEAWAY: District enrollment is slowly rebuilding since its low in 2021; there has been a net loss of -2.8% over 5 years. The student population has become more diverse, with a slight influx of Asian and Hispanic or Latino students.

Attendance

TAKEAWAY: Average Daily Attendance decreased to 93% of enrollment in 2023 from 94.5% of enrollment in 2021 (ADA divided by total enrollment less PK, which is not counted in ADA). Chronic absence has decreased to 17.6% in comparison to 23.9% for the state.

AVERAGE DAILY ATTENDANCE

AVERAGE DAILY ATTENDANCE (ADA) information is reported from the Mississippi Student Information System for Months 1-9. ADA is the average number of pupils present each day school was in session during the period of the report.

Figure 3: District Average Daily Attendance

CHRONIC ABSENCE

ACCORDING TO THE MISSISSIPPI DEPARTMENT OF EDUCATION, any student enrolled in a school for at least 10 days and missing 10% of school days for which they are enrolled is considered chronically absent. In addition, a student who misses 50% or more of a school day will be counted as absent for that day.

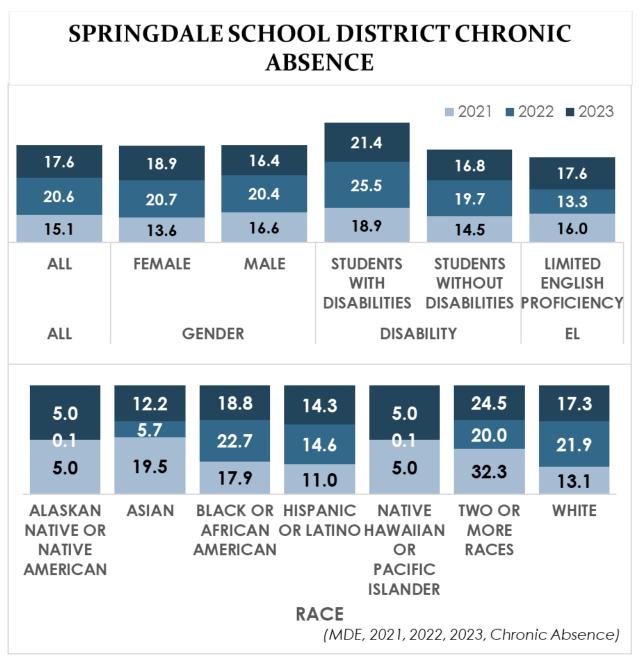

Figure 4: District Chronic Absence by Demographic Group

Accountability

TAKEAWAY: The district posted gains in proficiency in both reading and math between 2021 and 2023, although growth percentages either remained the same or decreased. Proficiency in science did not change; proficiency in U. S. History decreased from a high of 89.3% in 2022. College and career measures were higher, as was proficiency for English language learners. Student participation in accelerated courses remained high. Proficiency in reading and math was up across almost all demographic groups from 2021; however, no significant changes were noted in gap-to-goal closure. Graduation rates dropped below the state average for all except black and Hispanic students; students with disabilities were hardest hit. The dropout rate increased by 3.8 percentage points but still remains low.

ACCOUNTABILITY MEASURES

ACCOUNTABILITY MEASURES SET OUT BY the Mississippi Public School Accountability Standards include the following:

- 1. Proficiency in English/language arts, mathematics, science, and U. S. History measured by the percentage of students who score proficient or advanced on the state MAAP, MAAP-SCI, and MAAP-EOC assessments.
- 2. Growth in English/language arts and mathematics measured by the percentage of students making adequate progress toward proficiency from one year to the next.
- 3. Growth in English/language arts and mathematics for students who fall in the lowest quartile of performance measured by the percentage of students making adequate progress toward proficiency from one year to the next.
- 4. College and career readiness measured by the percentage of high school students who meet the ACT benchmarks for English (18) or reading (22) and for math (22).
- 5. Acceleration measured by the number of points earned for a combination of student participation and performance in accelerated courses like Advanced Placement, Dual Credit, and International Baccalaureate.
- 6. Graduation rate measured by the number of students who graduate within four years of entering high school.
- 7. English language proficiency measured by the percentage of English Learners who reach English Language Proficiency.

According to a press release from MDE in September 2023, 87% of schools and 91% of districts earned a grade of C or higher in 2023. "The grades are an improvement over 2021-22 when approximately 81% of schools and 87% of districts were rated C or higher. In 2016, when the Mississippi State Board of Education set a goal that all schools and districts be rated C or higher, the percentage of schools and districts meeting this goal was both 62%" (MDE, 2023).

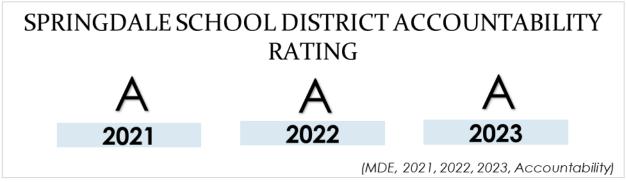

Figure 5: District Accountability Rating

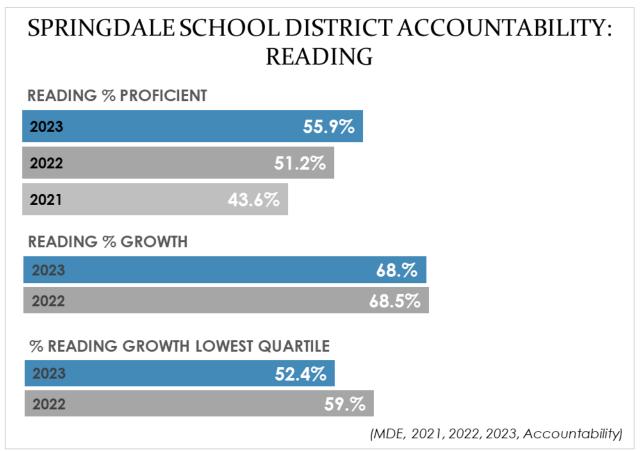

Figure 6: District Accountability: Reading

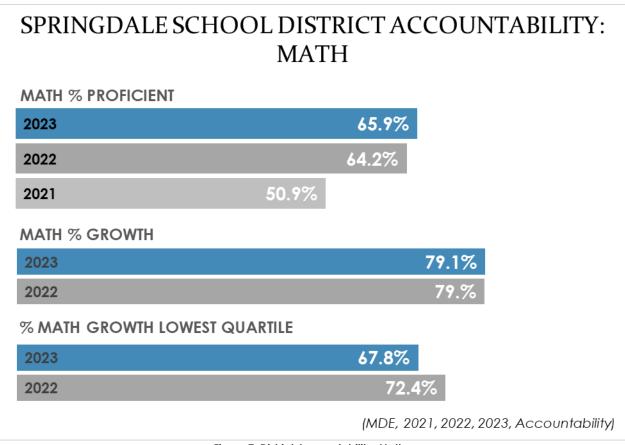

Figure 7: District Accountability: Math

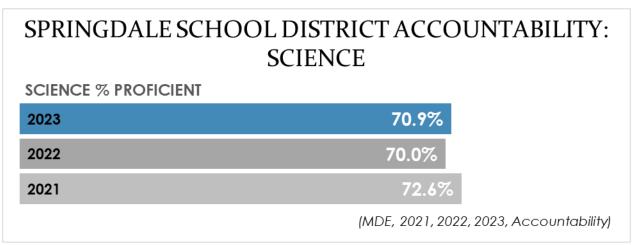

Figure 8: District Accountability: Science

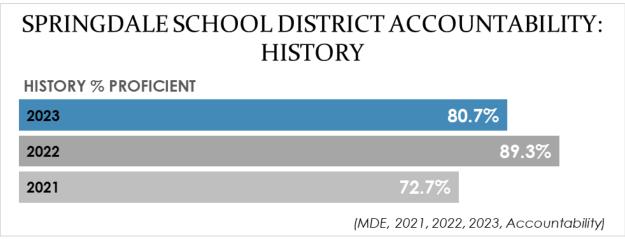

Figure 9: District Accountability: History

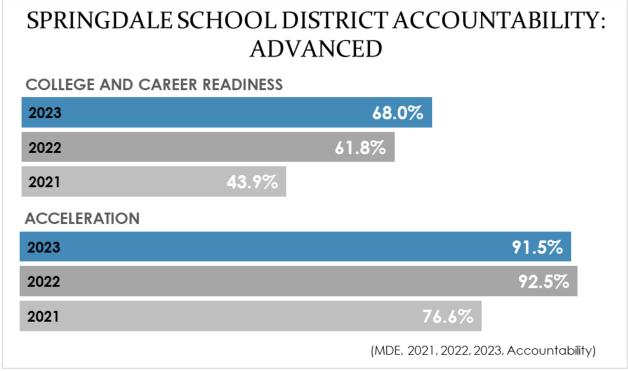

Figure 10: District Accountability: Advanced

College and Career Readiness is the percentage of high school students who met the ACT benchmarks for English (18) or reading (22) and for math (22), or earn a Silver ACT WorkKeys Certificate with a CTE pathway completion or industry certification, or a Gold or Platinum WorkKeys Certificate.

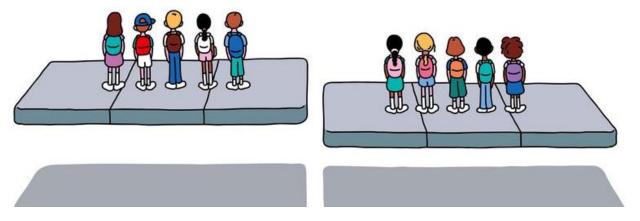

Acceleration refers to the percentage of points earned for a combination of student participation and performance in accelerated courses (Advanced Placement, Dual Credit/Dual Enrollment, International Baccalaureate, Cambridge, and Industry Certification).

SPRINGDALE SCHOOL DISTRICT ACCOUNTABILITY: ENGLISH PROFICIENCY ENGLISH LANGUAGE LEARNERS PROFICIENCY 2023 40.2% 2022 12.6% ENGLISH LANGUAGE LEARNERS GROWTH 2023 51.6% 2022 62.5%

Figure 11: District Accountability: English Proficiency

English Language Learners Proficiency is the percentage of English Learners attaining English Language Proficiency on the *English Language Proficiency Test* (ELPT).

English Language Learners Growth refers to the percentage of English Learners who met growth expectations towards exiting the English Learner program in the expected time limit.

PROFICIENCY BY DEMOGRAPHIC GROUPS

THE EVERY STUDENT SUCCEEDS ACT requires that districts report disaggregated data to the public. Mississippi collects and reports assessment results consistent with ESSA 1111(h). Subgroup data is evaluated to identify performance gaps and target support schools. Subgroups include economically disadvantaged students, students with limited English proficiency, various racial and ethnic groups, and students with disabilities.

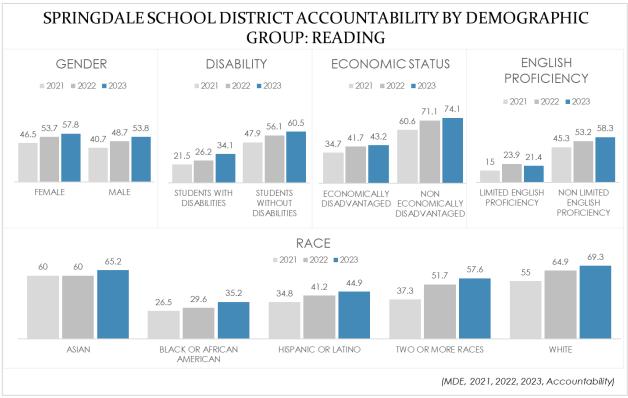

Figure 12: District Accountability by Demographic Group: Reading

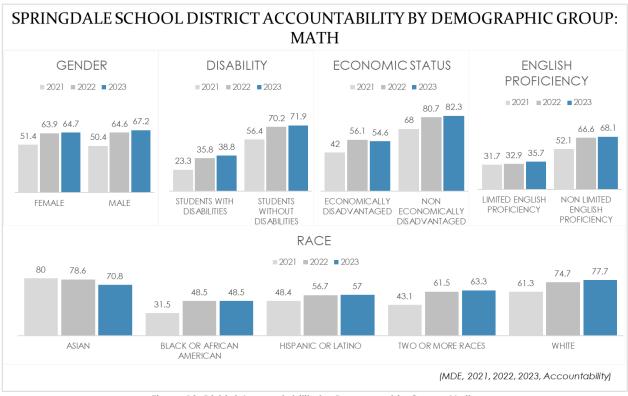

Figure 13: District Accountability by Demographic Group: Math

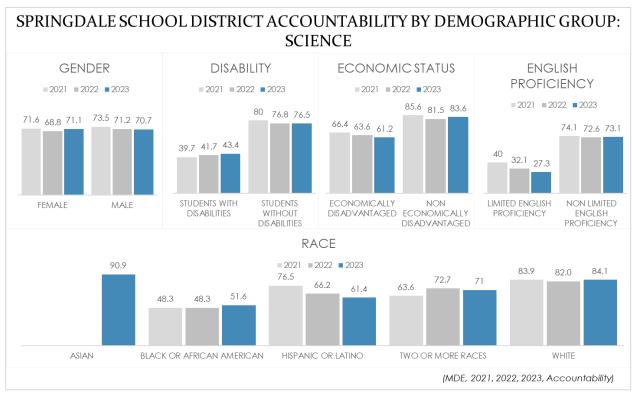

Figure 14: District Accountability by Demographic Group: Science

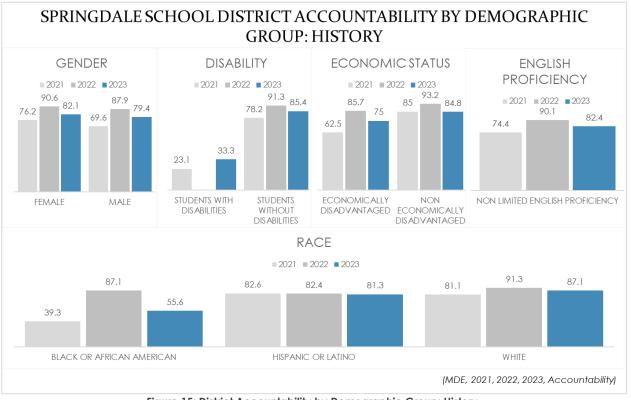

Figure 15: District Accountability by Demographic Group: History

GAP-TO-GOAL BY DEMOGRAPHIC GROUP

THE MISSISSIPPI SUCCEEDS PLAN for the Every Student Succeeds Act specifies a goal of 70% proficiency for all students by 2025. Other specific long-range goals for the state include:

- Eliminate the proficiency gap between Black students and all students entirely, as the overall student proficiency rate increases to 70% by 2025.
- Close the graduation rate gap between students with disabilities and all students. This gap will be reduced to 20%, as the overall graduation rate increases to 90% by 2025.
- Have 70% of English learners making expected progress toward English language proficiency by 2025 (MDE, 2022)

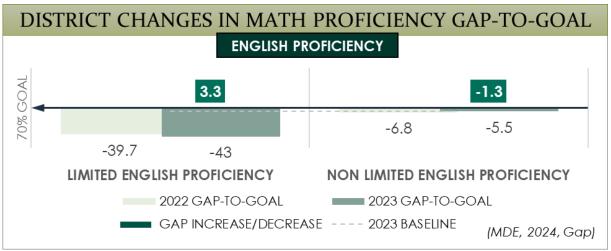

Figure 24: District Changes in Math Proficiency Gap-To-Goal by English Proficiency

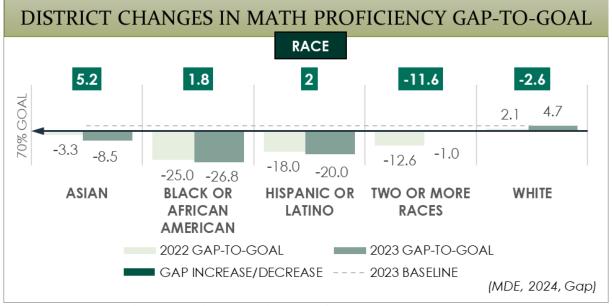

Figure 25: District Changes in Math Proficiency Gap-To-Goal by Race

4-YEAR GRADUATION RATES

IN ACCORDANCE WITH 34 C.F.R. § 200.19(b) and Miss. Code Ann. § 37-17-6, graduation and dropout rates were calculated following the four-year adjusted cohort method. This method determines the high school completion status for students four (4) years after entering Grade 9 for the first time during the school year (SY) 2019 - 2020 (Seniors SY 2022 - 2023) and graduated within the cohort window which ended July 31, 2023.

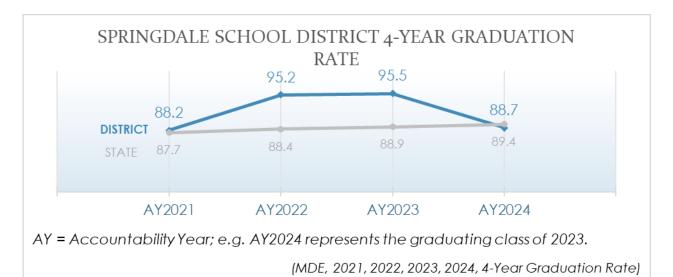

Figure 26: District 4-Year Graduation Rates

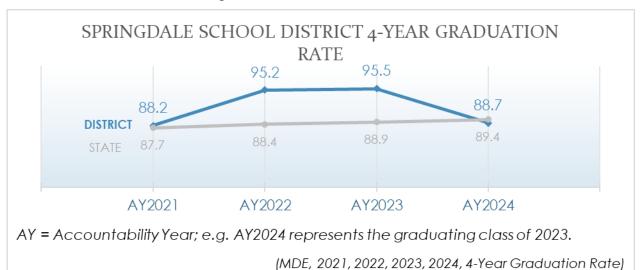

Figure 27: District Dropout Rate

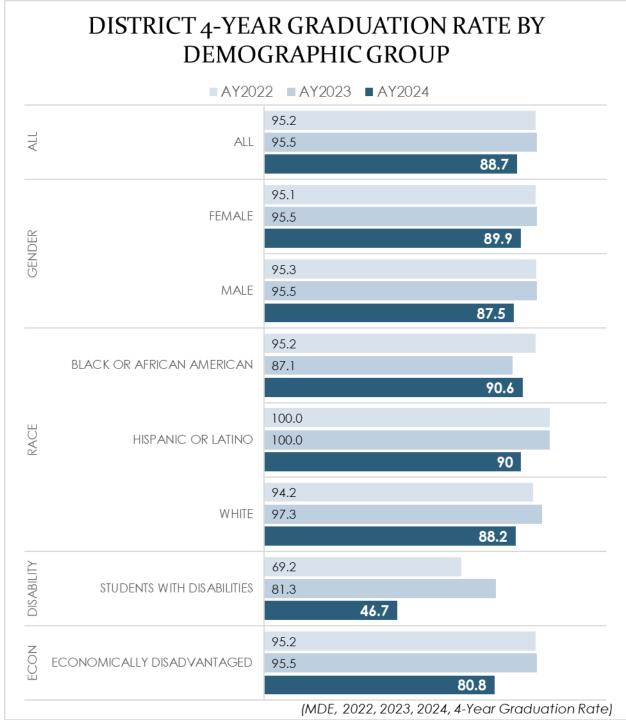

Figure 28: District Graduation Rate by Demographic Group

SCHOOL IMPROVEMENT DESIGNATIONS

THE MISSISSIPPI DEPARTMENT OF EDUCATION identifies schools for additional assistance and support, which includes professional development, leadership coaching, additional funding, and assistance to support the school's transformation goals.

SPRINGDALE MIDDLE SCHOOL was reidentified as a **Targeted Support and Improvement (TSI)** school because scores for *Students with Disabilities* were in the lowest 50% of overall accountability, in the lowest quartile of a 3-year average gap-to-goal ratio, and in the lowest quartile of a 3-year improvement toward gap-to-goal closure. It was first identified as **TSI** in 2017.

ADVANCED COURSE AND POST-SECONDARY ENROLLMENT

ADVANCED COURSES include Dual Credit/Dual Enrollment, Advanced International Certificate of Education, Advanced Placement, International Baccalaureate, and Industry Certification. Post-secondary enrollment percentages count graduates who enrolled in public in-state colleges and universities within a year of graduating and are calculated from the prior year's graduation class but lag a year (MDE, 2021).

Assessment

TAKEAWAY: In 2023, district Junior ACT scores were significantly lower than in 2022, but still came in above state averages. Kindergarten Readiness scores are up, but Third-Grade Reading Assessment scores, while better than the previous year, have yet to reach prepandemic levels. MAAP proficiency percentages were higher in 2023 than in 2021 in all subjects and grades except Algebra I and eighth-grade science. The largest gains were made in third and sixth grade ELA.

MISSISSIPPI'S STATEWIDE ASSESSMENTS measure students' academic aptitude from prekindergarten through high school. Each assessment evaluates student learning to ensure students develop the knowledge and skills they need.

Statewide assessments include screeners and the *Kindergarten Readiness Assessment* to determine what children know and are able to do upon entering school, the *Third-Grade ELA Assessment* to comply with the Literacy-Based Promotion Act, the *Mississippi Academic Assessment Program* (MAAP) to assess proficiency and growth in English/language arts, mathematics, science, and social studies, and the *ACT* for eleventh graders to measure college readiness, The state also administers the *English Language Proficiency Test* (ELPT) to students identified as English Learners.

THIRD-GRADE READING ASSESSMENT

THE PURPOSE OF THE LITERACY-BASED PROMOTION ACT (LBPA) is to

improve the reading skills of kindergarten through 3rd grade students enrolled in the public schools so that every student completing the 3rd grade is able to read at or above grade level. (Miss. Code Ann § 37-177-1 et seq.)

Students must receive a "met requirements" or score above the lowest two (2) achievement levels in reading on the established state-wide assessment. Students must pass the 3rd-grade Assessment or meet a Good Cause Exemption to pass to the 4th grade.

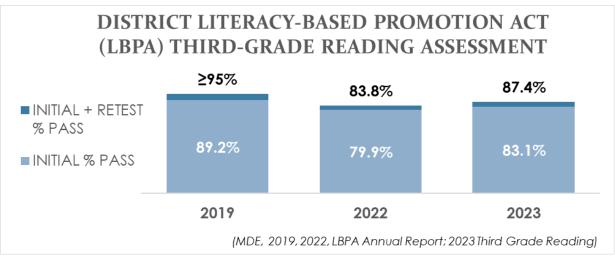

Figure 37: District Literacy-Based Promotion Act Third Grade Reading Assessment

Students who do not pass the Third-Grade Reading Assessment may still be promoted to the fourth grade if they meet one of the approved exemption criteria.

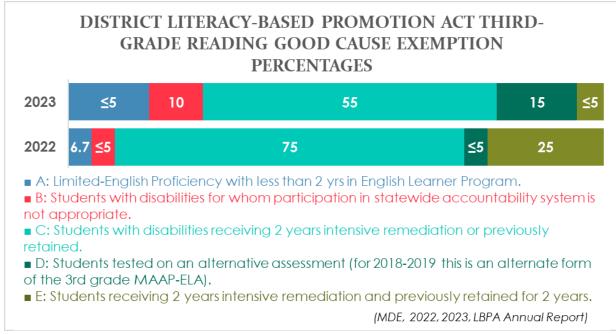

Figure 38: District Literacy-Based Promotion Act Third Grade Reading Good Cause Exemption

MS Code 37-177-17 of the LBPA requires MDE to report the following components: the number and percentage of students:

- a) scoring at each performance level on the state assessment in reading and math,
- b) taking the alternative assessments (retest),
- c) being retained at each grade level kindergarten through 8th grade,
- d) passing for good-cause exemptions; and
- e) any revised district policies for promotion and retention.

Finance

TAKEAWAY: Spending for instructional support and administration has increased slightly since 2019. Total revenue is up \$8.1M, while total operational expenditure including capitalized equipment has increased \$5.6M. Title funding increased about \$47,000 between 2022 and 2023; ESSER funds for pandemic expenses have expired. FY2024 MAEP allocations are down -\$213.3K since FY2023 and fall \$1.4M below full funding.

Personnel

TAKEAWAY: Although the percentage of teachers teaching in their certified field has remained steady, the percentage of experienced teachers districtwide has declined slightly since 2021. The per-pupil ratio has decreased to 12.5. Average teacher salaries have increased, as have administrative salaries. Average salaries for guidance counselors and librarians have decreased slightly.

Distribution of Respondents

ONE THOUSAND NINETY-ONE

(1,091)respondents from three stakeholder groups and four schools responded to the Comprehensive Needs Assessment Survey in 2024. The figure below reflects the distribution of responses by stakeholder group, which together comprise the district data reported in the subsequent graphs and charts. Responses from all groups were totaled and divided by the number of survey respondents to calculate district-wide percentage distributions. Additional graphs detail responses disaggregated stakeholder group, school, and grade where appropriate.

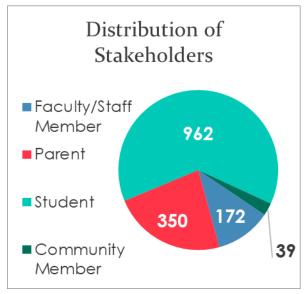

Figure 66: Distribution of Stakeholders

DATA COLLECTION

Some information for this report was gathered through a district-wide Comprehensive Needs Assessment Survey administered online. Respondents were asked to express an opinion on statements using a 5-point Likert scale, indicating "Strongly Agree," "Agree," "Disagree," "Strongly Disagree," or "Not Applicable or No Information." Some questions asked respondents to choose among a variety of options, to rank choices, or to write in responses to open-ended statements. Some overall open-ended questions were also included. Data were compiled by school and by stakeholder group, then combined to create a district summary.

Test scores and demographic data were obtained from the Mississippi Department of Education and Springdale School District.

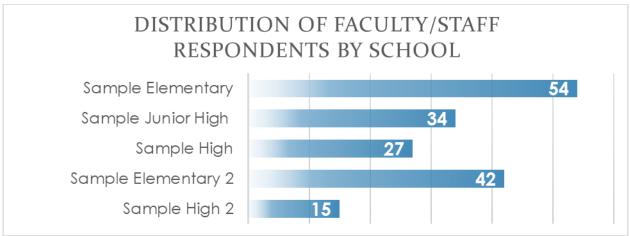

Figure 67: Distribution of Faculty/Staff Respondents by School

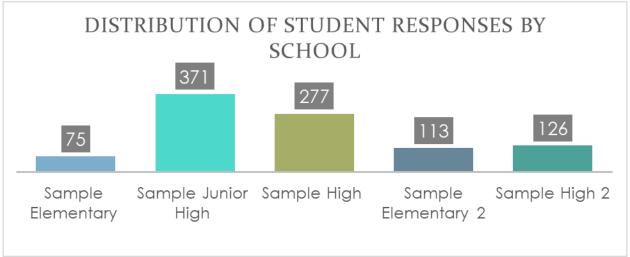

Figure 68: Distribution of Student Respondents by School

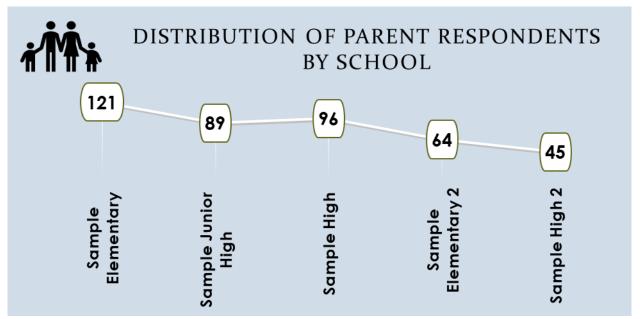

Figure 69: Distribution of Parent Respondents by School

Universal Questions

FACULTY, STAFF, PARENTS, COMMUNITY MEMBERS, AND STUDENTS responded to several questions in common so that a consensus might be ascertained for the whole district. Individual stakeholder group responses are recorded in other sections of this report for comparison purposes.

FEDERAL PROGRAMS

The aspects of the Title I instructional program I feel are most beneficial are:			
	Count	Percentage

Summary of District Strengths and Challenges

One thousand ninety-one (1,091) stakeholders from four schools responded to the 2023 Springdale School District Comprehensive Needs Assessment survey online. Students comprise 84.4% of the total. Faculty/staff members represent 54.8% of the adult response, with parents accounting for 32.2%. community members make up 12.9% of the adult response or 2% of the total.

Springdale School District is a successful district focused on teach-

ing and learning. District enrollment has decreased -2.9% since 2020. The district held to its "A" accountability rating in 2023 for the fifth year in a row. The district experienced a -0.7% change in average daily attendance between 2022 and 2023, and chronic absence dropped to 18.4%. The district's graduation rate rose to 92.3%; the dropout rate decreased to 6%. Graduation rates for students with disabilities rose by 6.4 percentage points.

In response to statements on the comprehensive needs survey about federal programs, stakeholders strongly indicate that school and district safety procedures are adequate. About 84% believe that federal funds are used effectively. Seventy-five percent of respondents agree that federal funding for parent and family engagement is used appropriately; another 20%, however, say they have no information on this subject.

Statements about curriculum and instruction received varying levels of positive feedback. Only two-thirds of stakeholders believe that students see a relationship between what they are studying and their everyday lives. Seventy-eight percent think the district is preparing students to deal with issues and problems they will face in the future. Statements about teaching received higher ratings: between 85% and 90% think that teachers involve students in their learning and that teachers are available to assist with assignments. Ninety-three percent affirm that teachers hold high expectations for stu-

Springdale School District Community Survey

GENERAL OPINION

Note: In response to two open-ended questions, stakeholders were invited to comment about what the school or district does well and what improvements the school or district should make. Those responses are summarized below.

COMMUNITY MEMBERS from Springdale School District feel that the school does a good job in caring for student needs, promoting academic growth, and holding students and teachers to a high standard of achievement. One community member said, "The district's technology initiatives are very impressive." Respondents expressed concerns about human resource needs and facility management. They would like stronger emphasis to be placed on social aspects for students and feel the school day should include more physical activity for students. Another community member stated, "We need more teachers. Our schools have the highest student-to-teacher ratio in the county. Smaller class size increases learning potential."

Introduction

SPRINGDALE ELEMENTARY SCHOOL is located at 508 West Somewhere Street in Someplace, Mississippi. In January of 2024, it served one thousand six (1006) students, prekindergarten through fifth grade (PK-5). SES is dedicated to ensuring each child reaches their next level guided by a collaborative and supportive network of teachers, paraprofessionals, parents, and community members.

Springdale Elementary School's mission is that "All students will be ready for their next level." Springdale Elementary is a school-wide Title I school.

SCHOOL IMPROVEMENT

SPRINGDALE ELEMENTARY SCHOOL was reidentified as a **Targeted Support** and Improvement (TSI) school because scores for *Students with Disabilities* were in the lowest 50% of overall accountability, in the lowest quartile of a 3-year average gap-to-goal, and in the lowest quartile of a 3-year improvement toward gap-to-goal closure. It was first identified as **TSI** in 2017.

GENERAL OPINION

In response to two open-ended questions, stakeholders were invited to comment about what the school or district does well and what improvements the school or district should make. Those responses are summarized below.

FACULTY/STAFF MEMBERS from Springdale Elementary School expressed a strong belief in the team mentality encouraged by the district, with everyone willing to support students. However, they highlighted the need for major revisions to the Multi-Tiered System of Supports (MTSS) procedures. One faculty member mentioned the lack of dedicated MTSS coordinators in each school, resulting in teachers being overwhelmed with remediating students while also teaching gradelevel standards. They emphasized the need for more time or additional support to effectively carry out both interventions and instruction.

GENERAL OPINION

Note: In response to two open-ended questions, stakeholders were invited to comment about what the school or district does well and what improvements the school or district should make. Those responses are summarized below.

STUDENTS from Springdale Elementary School vary widely in their responses, reflecting their personal experiences and perspectives. Some students praise the teachers and the overall learning environment, stating that the school does well in educating and helping them. Others express a desire for specific improvements, such as having more recess, field trips, or access to special classes like art or music. Students also mention the need for better cafeteria food, increased social activities, and less reliance on online learning platforms.

Introduction

SPRINGDALE MIDDLE SCHOOL is located at 1213 Main Street in Anywhere,

Mississippi. In January of 2024, it housed one hundred seventy-seven (177) students in fifth through eighth grades (5-8). According to the school website, "Students in our school live in the communities of East, Pine Hill, Locust Valley, Beulah, Johnson, and several small farming communities, which surround these areas. The school has several extracurricular activities, which include football, basketball, track, cheerleading, band, and a dance team. There are other functions and activities that the school promotes throughout the school year."

The principal's online welcome message states, "By addressing school culture, setting high standards for teacher performance, increased academic expectations for all students and engaging the community, it is our goal at the Springdale Middle School that all students are college or career ready. We gladly embrace the challenges of the future. Our remarkable staff, involved parents, and committed students come together to make Springdale Middle School a wonderful and unique place."

SCHOOL IMPROVEMENT

SPRINGDALE MIDDLE SCHOOL was reidentified as a **Targeted Support and Improvement (TSI)** school because scores for *Students with Disabilities* were in the lowest 50% of overall accountability, in the lowest quartile of a 3-year average gap-to-goal, and in the lowest quartile of a 3-year improvement toward gap-to-goal closure. It was first identified as **TSI** in 2017.

Survey Results

The following tables detail responses to the Comprehensive Needs Assessment survey from stakeholders at Springdale Middle School in the categories of Federal Programs; Curriculum and Instruction; Parent, Family, and Community Engagement; School Climate and Culture; Technology; Prekindergarten and Kindergarten; and Professional Development. Participants were also asked to write in responses to two open-ended statements. An analysis of those responses is included at the end of each stakeholder section. Nine (9) faculty and staff members, three (3) parents, and two hundred twenty-five (225) students responded to the survey.

To contribute to "Well-Rounded Educational Opportunities" in our district, I would like to see Title IV money spent on:

	Count	Percentage
Improving access to foreign language instruction, arts,		
and music education	4	44.4%
Supporting college and career counseling	2	22.2%
Providing programming to improve instruction and stu-		
dent engagement in science, technology, engineer-		
ing, and mathematics (STEM)	5	55.6%
Promoting access to accelerated learning opportuni-		
ties (including Advanced Placement (AP) and Dual		
Credit)	1	11.1%
Strengthening instruction in American history, civics,		
economics, geography, government education, and		
environmental education	3	33.3%

To supplement what our district is already doing to keep our schools safe and healthy, I would like to see Title IV money used on:

	Count	Percentage
Promoting community and parent involvement in schools	3	33.3%
Providing school-based mental health services and counseling	6	66.7%
Promoting supportive school climates to reduce the use of out-of-school suspension and promoting sup-		
portive school discipline	4	44.4%
Establishing or improving dropout prevention	2	22.2%
Supporting re-entry programs and transition services for Justice-involved youth	1	11.1%
Implementing programs that support a healthy, active lifestyle (nutritional and physical education)	2	22.2%
Implementing systems and practices to prevent bullying and harassment	2	22.2%
Developing relationship-building skills to help improve safety through the recognition and prevention of co-		
ercion, violence, or abuse	2	22.2%
Establishing community partnerships	3	33.3%

To supplement what our district is already doing in the area of technology, I would like to see Title IV money used on:

	Count	Percentage
Supporting high-quality professional development for educators, school leaders, and administrators to per-		
sonalize learning and improve achievement	3	33.3%
Building technological capacity and infrastructure	4	44.4%
Carrying out innovative blended learning projects	3	33.3%
Providing students in rural, remote, and underserved areas with the resources to benefit from high-quality digi-		
tal learning opportunities	3	33.3%
Delivering specialized or rigorous academic courses and curricula using technology, including digital learn-		
ing technologies and assistive technology	2	22.2%

I use disaggregated student data to inform classroom decisions and instructional practices.

GENERAL OPINION

In response to two open-ended questions, stakeholders were invited to comment about what the school or district does well and what improvements the school or district should make. Those responses are summarized below.

FACULTY/STAFF MEMBERS from Springdale Middle School expressed a strong belief in the team mentality encouraged by the district, with everyone willing to support students. However, they highlighted the need for major revisions to the Multi-Tiered System of Supports (MTSS) procedures. One faculty member mentioned the lack of dedicated MTSS coordinators in each school, resulting in teachers being overwhelmed with remediating students while also teaching gradelevel standards. They emphasized the need for more time or additional support to effectively carry out both interventions and instruction.

GENERAL OPINION

Note: In response to two open-ended questions, stakeholders were invited to comment about what the school or district does well and what improvements the school or district should make. Those responses are summarized below.

PARENTS OF STUDENTS from Springdale Middle School who participated in the survey praised Springdale Middle School for treating their children as their own

and providing excellent education. A parent commented, "Treats my kids as their own and teach so well!" The positive feedback indicated that parents appreciate the school's commitment to their children's well-being and learning.

GENERAL OPINION

Note: In response to two open-ended questions, stakeholders were invited to comment about what the school or district does well and what improvements the school or district should make. Those responses are summarized below.

STUDENTS from Springdale Middle School vary widely in their responses, reflecting their personal experiences and perspectives. Some students praise the teachers and the overall learning environment, stating that the school does well in educating and helping them. Others express a desire for specific improvements, such as having more recess, field trips, or access to special classes like art or music. Students also mention the need for better cafeteria food, increased social activities, and less reliance on online learning platforms.

Introduction

SPRINGDALE HIGH SCHOOL is located at 505 Main Street in Anywhere, Mississippi. In January of 2024, it housed one hundred seventy-five (175) students in ninth through twelfth grades (9-12). According to the school website, "Springdale High School was built in 1921 as a place for the youth of Anywhere to receive an education. In 1970, it was integrated so that all of the youth of Anywhere could re-

ceive a quality education. In 2001, the school was established as a historical landmark and renovated. Springdale High is working hard to become an academically superior school. Some instructional programs include 8th-period remediation, Classworks, USA Test Prep, and **STAR** Reading to improve our students' reading and math scores."

The online letter from the school's principal states "We are working diligently to prepare our students to become pro-

ductive citizens with quality, bell to bell instruction. Our mission is, "Working together as a team to provide students with a quality education that they can use to become productive citizens."

Survey Results

The following tables detail responses to the Comprehensive Needs Assessment survey from stakeholders at Springdale High School in the categories of Federal Programs; Curriculum and Instruction; Parent, Family, and Community Engagement; School Climate and Culture; Technology; Prekindergarten and Kindergarten; and Professional Development. Participants were also asked to write in responses to two open-ended statements. An analysis of those responses is included at the end of each stakeholder section. Nine (9) faculty and staff members, three (3) parents, and two hundred twenty-five (225) students responded to the survey.

GENERAL OPINION

In response to two open-ended questions, stakeholders were invited to comment about what the school or district does well and what improvements the school or district should make. Those responses are summarized below.

FACULTY/STAFF MEMBERS from Springdale High School expressed a strong belief in the team mentality encouraged by the district, with everyone willing to support students. However, they highlighted the need for major revisions to the Multi-Tiered System of Supports (MTSS) procedures. One faculty member mentioned the lack of dedicated MTSS coordinators in each school, resulting in teachers being overwhelmed with remediating students while also teaching grade-level standards. They emphasized the need for more time or additional support to effectively carry out both interventions and instruction.

Springdale High School Parent Survey

FEDERAL PROGRAMS

In my experience, teachers in my school (district) are state-certified and effective.

To contribute to "Well-Rounded Educational Opportunities" in our district, I would like to see Title IV money spent on:

	Count	Percentage
Improving access to foreign language instruction, arts,		
and music education	0	0.0%
Supporting college and career counseling	2	66.7%
Providing programming to improve instruction and stu-		
dent engagement in science, technology, engineer-		
ing, and mathematics (STEM)	1	33.3%
Promoting access to accelerated learning opportuni-		
ties (including Advanced Placement (AP) and Dual		
Credit)	1	33.3%
Strengthening instruction in American history, civics,		
economics, geography, government education, and		
environmental education	0	0.0%

To supplement what our district is already doing to keep our schools safe and healthy, I would like to see Title IV money used on:

	Count	Percentage
Promoting community and parent involvement in schools	1	33.3%
Providing school-based mental health services and	I	00.070
counseling	0	0.0%
Promoting supportive school climates to reduce the use of out-of-school suspension and promoting sup-		
portive school discipline	1	33.3%
Establishing or improving dropout prevention	1	33.3%
Supporting re-entry programs and transition services		
for Justice-involved youth	2	66.7%

To supplement what our district is already doing to keep our schools safe and healthy, I would like to see Title IV money used on:

	Count	Percentage
Implementing programs that support a healthy, active		
lifestyle (nutritional and physical education)	0	0.0%
Implementing systems and practices to prevent bully-		
ing and harassment	1	33.3%
Developing relationship-building skills to help improve safety through the recognition and prevention of co-		
ercion, violence, or abuse	0	0.0%
Establishing community partnerships	0	0.0%

To supplement what our district is already doing in the area of technology, I would like to see Title IV money used on:

	Count	Percentage
Supporting high-quality professional development for educators, school leaders, and administrators to personalize learning and improve academic achieve-		
ment	0	0.0%
Building technological capacity and infrastructure	1	33.3%
Carrying out innovative blended learning projects	1	33.3%
Providing students in rural, remote, and underserved areas with the resources to benefit from high-quality		
digital learning opportunities	2	66.7%
Delivering specialized or rigorous academic courses and curricula using technology, including digital learn-		
ing technologies and assistive technology	1	33.3%

I would like my child's school (district) to offer classes for parents on the following:

GENERAL OPINION

Note: In response to two open-ended questions, stakeholders were invited to comment about what the school or district does well and what improvements the school or district should make. Those responses are summarized below.

STUDENTS from Springdale High School vary widely in their responses, reflecting their personal experiences and perspectives. Some students praise the teachers and the overall learning environment, stating that the school does well in educating and helping them. Others express a desire for specific improvements, such as having more recess, field trips, or access to special classes like art or music. Students also mention the need for better cafeteria food, increased social activities, and less reliance on online learning platforms.
